

## **Power Ore Welcomes Pierre Gaucher to its Board of Directors**

**Toronto, Ontario – May 28, 2019** – PowerOre Inc. (“Power Ore” or the “Company”) (TSX.V: PORE) is pleased to welcome Pierre Gaucher to its board of directors.

Pierre is the President of Instrumentation GDD Inc. a world leader in high-tech geophysical instrumentation for mining and exploration geophysics, groundwater exploration, geotechnical investigations. Pierre is also the President of Explorateurs-Innovateurs de Quebec Inc. He holds a degree in mining engineering from Laval University in Quebec and has a Master of Business Administration from the Ecole des Hautes Etudes Commerciales in Montreal. Pierre also worked for two years as a miner, mining engineer, foreman and captain of an underground mine for Teck Corporation.

### **About Opemiska Copper Mine Complex**

The Opemiska Copper Complex is located adjacent to the town of Chapais, Quebec within the Chibougamau region. Opemiska is also within the Abitibi Greenstone belt and within the boundaries of the Province of Quebec’s Plan Nord which promotes and funds infrastructure and development of natural resource projects. The project consists of 11 mining claims and covers the past producing Springer & Perry mines which were owned and operated by Falconbridge. The project has excellent in place infrastructure including a power station and direct access to Highway 113 and the Canadian National Railway.

Opemiska was mined by Falconbridge as a high-grade underground mining operation and was in production for over 35 years prior to Ex-In acquiring the property in 1993.

Power Ore also announces that in accordance with the Company’s Stock Option Plan, a total of 1,825,000 incentive options have been granted to officers, directors and consultants, all of whom have assisted in creating value for our shareholders to date. The option’s exercise price is \$0.10 per share and they are exercisable for a period of five years from the date of issue.
